

Ridgefield Farm, LLC

NOW HIRING!

Assistant Farm Manager/Herdsman

We are a very cutting edge, pasture-to-plate operation that is looking for a person with minimum of 5 years of farm/ranch experience, preferably with Purebred Angus; with a minimum of two years of college education in animal science. See our websites to learn about us at www.ridgefieldfarm.net and www.brasstownbeef.com.

The candidate must have worked with cattle through all phases; breeding, calving, and feeding; with knowledge of vaccination protocols and animal health and ensuring optimal animal welfare. The candidate must have a working knowledge and understanding of EPDs and be capable of obtaining and recording accurate data and entering it into a data base. Being AI trained is a *plus*. Understanding forage management and environmental stewardship also important.

Must have good communications skills, be forward thinking, computer literate and capable of meeting the public. The job requires a candidate capable of prioritizing tasks on a daily and weekly basis, and supervising others in addition to accomplishing tasks on their own, while remaining flexible to deal with changes as they occur. The successful candidate must be physically strong, mentally sharp; self- motivated, and enjoy a combination of physical and mental work.

The candidate must have a valid driver's license and be capable of safely and efficiently operating all equipment associated with a broad range of farming activities, from hay making to growing crops, to loading and operating feed mixing and grinding equipment, to driving dump trucks. It is also beneficial if candidate has a CDL.

Pay is commensurate with education and experience. Benefits include paid holidays, paid vacation, health insurance and performance bonuses. For candidates moving, housing may be included. We test for drugs and prefer non-tobacco users.

Interested parties should email qualifications to:
